**Date of Publication: 10.12.2018**

Following the devastating earthquake in Nepal in April 2015 the German Government committed EUR 25 million for financial cooperation and EUR 5 million for technical cooperation to support the reconstruction of the country in earthquake-affected areas. From this commitment, EUR 10 million are allocated to the health sector (BMZ No.: 2150 10 244) with its main focus on **“The new construction and rehabilitation of four (4) Primary Hospitals located in Gorkha, Rasuwa, Ramechhap and Dolakha (Jiri)”** in the amount of EUR 7.29 million.

The Ministry of Health and Population (MoHP) now invites eligible, qualified and experienced Contractors to the bidding process for the above mentioned Construction and Civil Works.

**1. Brief Description of Required Works**

The Project will be implemented under the overall management of the MoHP. A Project Executing Agency (PEA) is established at the Health Coordination Division, MoHP consisting of the Chief, Health Coordination Division and the Consultant HYDROPLAN Ingenieur-Gesellschaft mbH for the implementation of the project.

Bidders may bid for one or several Lots/contracts, as further defined in the bidding document. The procedure for the award of contracts is as follows:

The first level of evaluation assesses the contractor's qualification and technical bid (submitted in a separate envelope). Only the bids which have passed this level will be evaluated for financial bid (separate envelope) and ranked with the lowest price bid as first rank followed by the second lowest and so on. The ranking will be listed separate for each Lot.

Contracts will be awarded to the **lowest bid in each Lot**. However, multiple contracts per bidder are not allowed. A bidder will be awarded the **contract for one Lot only** even if he/she has submitted the lowest bid in different Lots.

The award of contract will start with the lot that has received the lowest number of bids on the list. The bidder who has been awarded the contract for this Lot will be disqualified from the remaining lists/Lots. Then the procedure is repeated for the Lot with the second lowest number of bids until finishing in the end with the lot that has received the highest number of bids.

Bidding will be conducted by means of the International Competitive Bidding procedure with qualification as specified in the KfW Guidelines for Guidelines for Procurement of Goods, Works and associated Services in Financial Cooperation with Partner Countries ("KfW Guidelines").

**The rate(s) and price(s) quoted by the Bidder are not subject to adjustment during the performance of the Contract.**

**The award decision depends on the results of the tender. The employer reserves the right to reduce the volume of work by up to 50% in each lot or/and cancel entire lots.**

**All Bids must be accompanied by a Bid Security.**

Further information about the bidding process can be obtained from HYDROPLAN Consultants, Email: [clausdarmstadt@hotmail.com](mailto:clausdarmstadt@hotmail.com) or accessed from the MoHP web site: [www.mohp.gov.np](http://www.mohp.gov.np)
